PRESS RELEASE

RYP Athletics Grand Opening

Date: June 27, 2013

Crowsnest Pass, Alberta- Wes Rypien Jr and his wife Lindsay are proud to announce the doors of RYP Athletics will open on July 10th followed by our Official Grand Opening August 12th, 2013. RYP Athletics is a specialty gym with the goal of providing the people of the Crowsnest Pass with personal training and informative fitness consultation. "We look forward to providing people of all ages, fitness levels and athletic ability with a facility and/or instruction that rivals the opportunities provided in larger markets" says Wes Rypien Jr. Owner/Personal trainer of RYP Athletics. "It's about improving the fitness levels for the residents of our community from within; RYP Athletics is for everyone."

The facility will offer a variety of options in relation to increasing fitness levels and awareness for all individuals. Off season hockey training will also be provided during the summer months, while boot camps, TRX and boxing lessons will be available in group classes or private personal training. Athletes looking for a program designed to their specific sport will flourish under the training provided by a former professional athlete and coach. People interested in improving their quality of life with an enhanced fitness level will enjoy training at the RYP GYM.

Keep up to date on the latest classes and seminars provided by RYP Athletics by visiting our Facebook page and soon to be launched website, www.rypathletics.ca.
